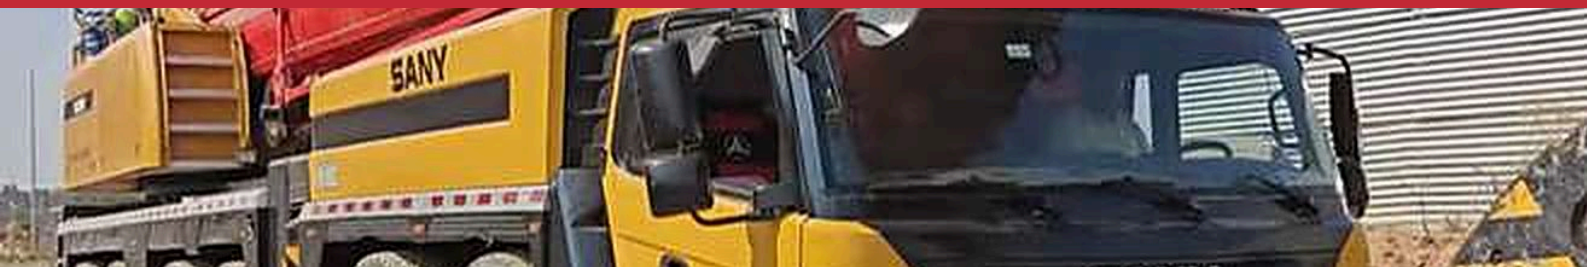
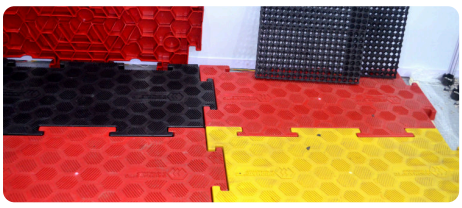
S6 · TEMPORARY ROADS AND SURFACES · REUSABLE

Temporary roads and pads that go down in a day and lift for the next site

GRIDMATS®



Top-covered GridMats mats under a crane on a wind site



1 Interlocking mats in red, yellow and black

2 Laid as a temporary track over soft ground

3 A loaded truck on the mats at a wind site

1 day
to lay or to lift

0
concrete, infill or curing

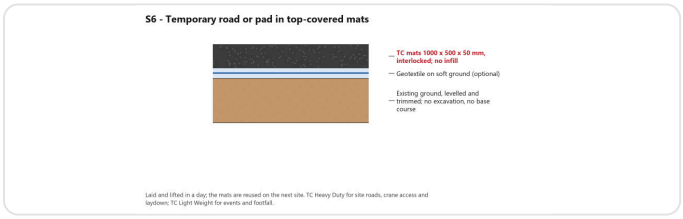
6.5 kg
per 1000 × 500 mm mat

Reusable
site after site

Product cost: TC mats ₹181–204 per sq ft (₹1,950–2,200 per m²) by order size, ex-GST and ex-freight. **Installed:** ground levelling only, with no base, infill or concrete; the mats are reused, so the cost spreads over every deployment.

WHAT IT IS

Top-covered GridMats mats, 1000 × 500 × 50 mm and about 6.5 kg each, lock together into a closed, flat surface on levelled ground, over a geotextile where the ground is soft. No infill, no curing, no concrete. TC Heavy Duty in black, yellow or red; TC Light Weight in black.



WHY IT WINS

- **Laid and lifted in a day.** No excavation, no base course, no concrete pad to break out afterwards.
- **Reusable.** The same mats move from job to job, so their cost spreads over every deployment.
- **The ground is handed back clean.** The mat spreads the wheel load; soft ground and lawns are not rutted.
- **Colour-coded.** Mark lanes, pads and walkways in black, yellow or red.

GE wind site · crane pad and access
Also a removable harvest road through the monsoon on an organic coffee estate, lifted and reused.

WHERE IT FITS

Construction and EPC site access · crane pads and hardstands on wind and solar sites · laydown and storage · event grounds and temporary parking · utility and emergency access.

CHOOSE S6 WHEN

- Temporary access, crane pads, laydown, events
- The surface is lifted and reused

NOT IDEAL WHEN

- A permanent road or yard: S1 or S2
- Soft ground not levelled and compacted

WHAT WE NEED FROM YOU

- Area (length × width or m²) and location
- Heaviest vehicle and vehicles a day
- Soil CBR, or the soil type
- The finish you want
- A site photo or layout drawing
